KINTECH

CARAVAN STORAGE UNITS

ULTRA SECURE

MANUFACTURED IN THE UK

KINTECH MANUFACTURE A RANGE OF SECURE STORAGE UNITS UNDER THE BRAND SAFESTOR. IDEAL FOR SITING ON CARAVAN & HOLIDAY PARKS.

All SafeStor products are manufactured in the UK by Kintech Ltd. Built from heavy-duty galvanised steel panels with an integrated metal floor, our range of SafeStor units are completely weatherproof and won't rust or leak.

All storage units are designed with the fixtures within the unit to eliminate break-in points, and an anti-pick locking system to deter thieves. The clever design also incorporates a ventilation system to keep stored items in excellent condition free from condensation and damp.

PRODUCT CODE	DESCRIPTION
SFSC-Cylinder Lock	Cylinder Lock

TOUCH UP PAINT

Overtime your units may get scratched through regular use, this can happen from general wear and tear from getting items in and out. The touch up paint can easily be painted over the mark and have it looking brand new again. All SafeStor units are rust-free, however, scratches can damage the protective coating that prevents this, we reccommend touching up any paint damage immediately to keep your shed protected from rust.
