Description:

The Harrogate storage unit is a highly secure & versatile alternative to a typical wooden shed, ideal for storing gardening tools, DIY equipment, sporting gear, bikes and tidying away standard garden items and furniture.

Tall and awkward-to-store items such as ladders, lawn mowers etc can be easily stored as the Harrogate stands over 6ft high and is 3ft deep and features off-set double doors.

Maximise natural light with the option of adding either 2 or 4 windows which come with central doors, ideal for transforming a storage unit into a practical workshop. An all-round convenient storage solution that keeps everything in one secure location. This unit comes with simple assembly instructions and a 10 year warranty.

Material & Design:

Built from heavy-duty galvanised steel panels with an integrated metal floor, the Harrogate is completely weatherproof & won't rust or leak. All storage units are designed with the fixtures within the unit to eliminate break-in points, and an anti-pick locking system to deter thieves. The clever design also incorporates a ventilation system to keep garden items in excellent condition free from condensation and damp.

✓ **Ventilation System**
 minimise condensation & damp

✓ **Multi-Point Locking System**
 with anti-pick & drill properties

✓ **Integrated Metal Floor**
 sturdy & secure

✓ **Galvanised Steel**
 durable & weatherproof

✓ **Made in the UK**
 with a 10 year warranty
